Figure 1 displays three genetic maps: 88, 94, and 94L. Each map shows the segregation of alleles in the F0, F1, and F2 generations. The F0 generation is represented by a white circle and a black square. The F1 generation is represented by a white circle and a black square. The F2 generation is represented by a white circle, a black square, a white square, and a black circle. The maps are labeled with marker numbers and symbols (white circle, black square, white square, black circle).

**Map 88:** F0: 88.
